Updates from around the Colleges

As we write this during yet another lockdown, which we know is for the greater good, our thoughts are with your students and we want to take this time to remind you that we are always here to help them. We will do whatever we can to alleviate any stresses or concerns so that they can focus on their exams and finish the end of their schooling the best they can. Please don't hesitate to reach out to our team or pass on our details to any of your students.

Our Wellington Campus Visit Day has been re-scheduled to Friday 8th October. Based on the current restrictions at Level 2, this will only go ahead if we have reached Alert Level 1 in Wellington by then, and we will keep you and your students updated with any changes as they may arise.

Hope you are keeping safe and well during these times and that we see you in person soon.

Online Enrolment Sessions

Plan your first year (online sessions)—NOVEMBER 8th-12th

Students who are looking to study with us here at Massey, can book in for enrolment assistance with one of our SRA team. We aim to get these students enrolled in all their first year compulsory courses as well as electives. These will be carried out online with more details to follow. As mentioned we are very happy to hear from any students needing assistance before then too, so please feel free to put them in touch with us.

Massey Business School

Now available the [MBS AEF webinar 2021](#) recording for use as a teacher resource—a copy of the slides from the presentations are available, so please get in touch if you would like us to provide these.

Bringing the curriculum to life—a mix of contextual and applied learning at its best.

For Year 12 & 13 Accounting, Economics and Finance students this webinar brings to life the accounting techniques and practices they have learned in the classroom, to a real-world business. It is designed to prepare students for the critical thinking necessary for the NZQA Scholarship Accounting exam—however Accounting, Economics and Finance students of all levels will benefit from attending the live webinar or viewing the recording. This year the company analysed is Scales Corporation a Christchurch based Agribusiness company. A quick rundown of what you can expect to see is below.

Session 1—Steve Kennelly CFO Scales Corporation, gives a company overview from a management perspective

Session 2—Mabel D Costa, MBS School of Accountancy, gives in depth financial analysis

Session 3—Overview of Careers in Finance with Shailan Patel, MYOB and Jeff Stangl, Massey Business School

Session 4—Max Clarke from the Massey CFA University Challenge team presents financial information and investment prospects with insights gained from extensive company analysis undertaken for the challenge.

College of Health

Massey's School of Nursing is inviting students to a workshop at Massey's state-of-the-art nursing simulation labs. Students will be able to explore the different areas of the nursing lab and participate in an interactive learning experience bridging classroom teaching to hospital and community settings. They will be able to talk to current students and staff to find out more about studying nursing at Massey. The workshop is ideally suited for Year 11-13 high school students who are considering nursing as a career choice.

Students can register below—

When: 7th October 2021

Manawatu: massey.ac.nz/nursing-lab-manawatu

College of Creative Arts

Apply now to join the next generation of amazing creatives!

Find out now about entry to our programmes [here](#). First year [scholarships](#) and [accommodation](#) halls are also open for application.

NEWS

New Immersive Media Pathway

Te Rewa o Puanga—The School of Music and Creative Media Production, is excited to launch a new Immersive Media Pathway as part of the Bachelor of Creative Media Production for 2022.

Immersive Media joins Animation and VFX, Creative Technologies, Film and Television, Game Development and Producing and Directing as pathways for students pursuing careers in the screen industry.

Students joining this new pathway will be pioneers of emerging technology, learning creative practices and tools to build virtual worlds, that will change the way people see their surroundings.

EVENTS COMING UP

From this Land: A NZ Plant and Food Exhibition by Wara Bullôt and Phil Johnstone

Date: 6th-19th Sept, open weekdays 10am-4pm
Location: Level C, Te Ara Hihiko, Wellington campus

Wara is a 2015 photography graduate and Massey scholar. Her work in this exhibition provide valuable insight into the work of NZ Plant and Food in developing sustainable agricultural economies all over the world.

[The Engine Room Gallery](#)

Located on the Wellington campus, The Engine Room is project space for Whiti o Rehua School of Art and mounts a programme of exhibition projects from New Zealand and international contemporary artists throughout the year.

Coming up in September:

- 1st-17th September—68 Voces/68 Carozones Embassy of Mexico
- 28th September-15th October—Untitled David Thomas

[Exposure Graduate Exhibition He Kanohi Kitea](#)

Date: 6th-19th November, open daily 10am-4pm
Location: Wellington campus.

College of Science

ONLINE

[Ask Me Anything: Veterinary Science*](#)

This was held on 7th September 4:30pm-6pm

Our online Ask Me Anything series starts with a webinar with a panel of current students and graduates talking about their journey with studying Vet Science at Massey University. High school students ask these experts and leaders about their experiences of what worked and what didn't in their study and career journeys.

*A recording of the session and a transcript of the Q&A can be supplied as requested.

College of Science cont...

AUCKLAND CAMPUS

[Day of Science](#)

NEW DATE: Saturday 6th November 10am-2pm

Come to campus for interactive VR experiences, hands on experiments, and problem solving challenges. Expert scientists in everything from micro-organisms to dolphins, molecules to climate change, COVID to statistics will be present on the day to answer questions.

School of Music and Creative Media Production

New Immersive Media Pathway for 2022

In Immersive Media, students will learn the skills to use Virtual Reality (VR) and Augmented Reality (AR) to bring their creative visions to life.

VR and AR are new exciting tools for art, entertainment and creativity, and their potentials have yet to be fully realised.

In this course

Students will be pioneers of this emerging tech, learning creative practices and tools to build their own virtual worlds, to change the way people see their surroundings.

VR and AR are already revolutionising the film, games, medical, engineering, architecture, manufacturing, agriculture and teaching industries.

Watch lecturer Maddy King take you through the key attributes of this newest pathway

creative.massey.ac.nz/study/creative-media-production/#immersive-media

Te Manu Taikō (TMT) a Kaupapa Māori programme for year 12 and 13 secondary school students was held on the Manawatū campus recently.

The attendees from Havelock North High School, Palmerston North Boys' High School, Freyberg High School, Awatapu College and Waiopahu College were informed about what it takes to get to university and how to be successful once you get there.

The students were fortunate to hear from Associate Dean Māori Dr Farah Palmer, Tainui, Ngāti Maniapoto, on leadership and identity, and also participate in a Pūrākau/Māori storytelling workshop with Tracey Hepi, Ngāi Tūhoe, Ngāti Tūwharetoa, from the School of Humanities, Media and Creative Communication.

Student Recruitment Adviser Māori Tania Jahnke, Ngāti Porou, Ngāti Tūwharetoa, says TMT is an opportunity for rangatahi Māori to get a taste of university life so they can visualise themselves in the space.

"It is important we host events like this to normalise and encourage success for Māori students in both professional and educational pursuits, all the while recognising their cultural identity, heritage, and background add value to their ongoing learning and educational journey."

The students learnt how to access and apply for various scholarships, and heard from current Māori students at Massey who shared their lived experiences.

Palmerston North Boys' High School student Reagan Jensen says, "I learnt that there are many opportunities for Māori students and challenges are a normal experience."

Another attendee, Tiaki Hirini from Waiopahu College says, "I really enjoyed learning about university as a whole and hearing from current Massey students who are going through the experience. It was good to know that I won't be alone and that there is support for me."

2 Find your programme of interest (through tabs Study > Find a programme)

4 Make sure all the tabs are correctly outlined. When selecting, make sure you have the campus, mode, start year, and majors entered

6 You will then be eligible to select your courses from OCTOBER 1st via your student Portal. Check the requirements of each degree including the major you are intending to take. A good place to start is our programme pages—<https://www.massey.ac.nz/massey/learning/programme-course/programme-list.cfm>

Bachelor of Arts

Overview | Study requirements | Courses and planning | Fees and scholarships

Courses for this programme

Schedule A: Core courses

230110	Tūrangawaewae: Identity & Belonging in Aotearoa NZ	15
230111	Tū Kupu: Writing and Inquiry	15
230112	Tū Arohae: Critical Thinking	15
200210	Tū Rongaranga: Global Encounters	15
200310	Tū Tira Mai: Practising Engagement	15

7 **Choosing your courses**

- Choose your degree and identify possible major(s) and minor(s)
- Check your degree regulations on your qualification webpage, including core courses for the degree and compulsory courses for your specialisations.
- Choose your courses accordingly (Please note the offerings for your course; is it offered in your preferred location?)

3 Click 'APPLY NOW' in orange, on your programme page

Qualification: Bachelor Of Arts (Compulsory courses)
Specialisation/Major(s): Psychology (Compulsory courses)
Minor(s): _____

8

SEMESTER 1 Course Number	Course Title	Credits	SEMESTER 2 Course Number	Course Title	Credits
230.110	Tūrangawaewae—Identity & belonging in NZ ***	15	175.102	Psychology as a Natural Science	15
230.111	Tū Kupu—Writing and Inquiry ***	15	xxx.xxx	Elective: AKL—Internal—100 Lvl	15
230.112	Tū Arohae—Critical Thinking ***	15	xxx.xxx	Elective: AKL—Internal—100 Lvl	15
175.101	Psychology as a social science	15	xxx.xxx	Elective: AKL—Internal—100 Lvl	15

*** You can choose Semester 1 or Semester 2 for these courses

9 **General Planning Guidelines:**

- 120 credits in an academic year make an average fulltime workload
- 105 credits is the minimum fulltime workload
- One course is usually worth 15 credits

1 Visit our website www.massey.ac.nz

5 As a new applicant or returning student fill out the following series of questions. This will give you access to our Student Portal

*To fully complete the application part, you will need your NSN number, a verified copy of your passport or birth certificate, and any other supporting documents (for selected entry programmes)

Once completed you will receive a **CONDITIONAL OFFER**

When do Applications close?

Technically you can apply for 2022 right up until 4th February 2022, however we do not recommend this as it may be a rush. Doing it now allows you time to get things sorted including applications, enrolment into classes, and timetabling. Not to mention Studylink, Halls of Accommodation, and textbooks. Also, there are some programmes that require an earlier application due date. These include: Nursing, Social Work, Design, Fine Arts, Aviation and others

10 **Choosing ELECTIVES**

- Make sure the first number after the dot is 1 eg. 123.109 (the fourth number indicates the level of the course, so all those are a first year level course)
- Make sure the course you have selected is the one for the campus you are planning to study in
- Internal if you are studying on campus, distance if you are wanting to online
